**\*Standard hair\*:** You'll notice that most dancers/classes are required to wear their hair the same way for the entire Production. This choice is made for helping to eliminate distraction and stress (for both dancers and volunteers) during quick changes and for hair to look clean and secure the entire show. Please note which side your hair accessories are to be placed (see above). HAIRNETS WILL BE AVAILABLE FOR SALE IN STUDIO LOBBY. For Picture Day, dancers can wear their hair however they'd like since they are only doing individual photos.

**Shoes:** We do not require you to purchase NEW shoes as long as yours are in decent condition. No stickers or writing on shoes. Colors and styles must match the above. If you need to purchase shoes, please send an email to [Katie@danceandcompany.net](mailto:Katie@danceandcompany.net) so we can make sure they arrive in time for you to break them in prior to Production.

**Makeup Requirements:** TBD based on mask mandate. More details coming soon. For picture day, dancers can wear whatever makeup they are comfortable with. We do suggest full makeup for photos.
